A Report of the 2010 ACRE Board Election Result

Dear Colleagues and Friends,

It is a great pleasure to report to you the 2010 ACRE Board election result.

The 2010 Nomination & Election Committee was chaired by Dr. Xuejun Wang. The committee received eight eligible nominees by 12/10/2010. The election was concluded by 12/30/2010. The current Board has examined the election results. Based on the votes, I am glad to announce that Drs. Linda Hua Cai, Yinjie Chen, Dayue Duan, Hong Wang, Qinglin Yang, Jianyi Zhang, and Juming Zhong (in alphabetic order of last name) are elected as new Board of Directors. Congratulations!

I have gone through the election details and found that the votes meet with the requirement for Quorum and Voting according to the ACRE Bylaw (XIII). Therefore, the election result is legal and valid!

We would like to express our great thanks to Nomination & Election Committee members (Drs. Xuejun Wang, Xupei Huang and Yong-Jain Geng) for their time and efforts in handling this important process, which gives birth of the new Board of Directors. We again thank the outgoing Board members for their significant contribution to our ACRE family in the past few years.

The new Board of Directors will start to work immediately after they receive assignments. Their assignments will be announced shortly. The new Board will have a teleconference to materialize a few plans to unite us more closely for supporting our career development in the CV filed. Please feel free to send in your feedbacks.

We are looking forward to a fast revitalization of the ACRE!

Best wishes for 2011!

Zhongjie Sun
